OPEN PUBLIC LEGAL NOTICE & CYBERCRIME COMPLAINT

SUBJECT: Deepanshu Giri & Lunar Astro Fraud, Cyber-Terrorism, and Medical Scams

TO THE GENERAL PUBLIC, CONSUMER PROTECTION AGENCIES, AND LAW ENFORCEMENT AUTHORITIES:

This document serves as an **Open Public Interest Litigation (PIL) Alert** and a formal **Public Legal Notice**. It details severe allegations of financial fraud, illegal medical advertising, and a coordinated cyber-terrorism campaign orchestrated by **Mr. Deepanshu Giri** and his organization, **Lunar Astro Vedic Academy (OPC) Private Limited**.

Note: The identities of the primary victims (an Australian resident and his family) have been strictly redacted and protected under international cybercrime and child protection laws.

PART I: NOTIFICATION OF FINANCIAL & MEDICAL FRAUD

Notice is hereby given that Deepanshu Giri and Lunar Astro are currently the subjects of severe consumer fraud investigations regarding the following illegal practices:

1. Illegal Medical Astrology & Quackery (Violation of Drugs and Magic Remedies Act) Deepanshu Giri has publicly broadcasted fraudulent and highly dangerous medical claims, asserting that astrological charts can be used to “see DNA” and cure severe, life-threatening medical conditions, including Autism and Cancer. These claims are scientifically baseless, exploit vulnerable patients, and constitute illegal medical advertising.

2. The “Code 5007” Bait-and-Switch Financial Scam Lunar Astro engages in deceptive commercial practices by charging consumers premium fees (often exceeding ₹50,000) under the explicit guarantee of a direct consultation with Deepanshu Giri. Upon receipt of non-refundable funds, clients are secretly diverted to junior, anonymous astrologers operating under proxy codes (e.g., “Code 5007”).

3. Plagiarism and Intellectual Property Theft The foundational curriculum sold by Lunar Astro for lakhs of rupees, specifically the “Paribhraman Paddhati,” is allegedly plagiarized directly from the Bhrigu Chakra Paddhati (BCP) method developed by other respected astrologers.

PART II: NOTIFICATION OF CYBER-TERRORISM & CHILD ENDANGERMENT

When consumers or whistleblowers attempt to expose these fraudulent practices, Deepanshu Giri and his organization deploy a vicious, coordinated “Troll Farm” to silence them. This network operates through anonymous proxy pages, specifically **“Lunar Astro Memes”** and **“Lunar Astro Videos”**.

The actions of this network constitute severe criminal offenses under the Information Technology Act, the Bharatiya Nyaya Sanhita (BNS), and the Australian Criminal Code Act 1995:

1. Child Exploitation and Endangerment The Lunar Astro proxy network has maliciously harvested private photographs of a whistleblower’s minor children, digitally morphed them (photoshopping animal faces over the children), and published them publicly to inflict severe emotional distress on the family.

2. Outraging the Modesty of a Woman & Privacy Violations The network illegally scraped private photographs of the whistleblower’s wife, cropped her face, and published the images alongside highly obscene, sexually colored captions, constituting a gross violation of digital privacy and women’s safety laws.

3. Criminal Intimidation and Extortion Deepanshu Giri and his proxies have issued explicit, written threats of severe harm and retaliation, publicly stating: *“If someone will say dirty things... I will make their life hell.”*

PART III: THE CO-CONSPIRATOR SYNDICATE

The cyber-harassment campaign is executed by a coordinated syndicate of students, staff, and loyalists acting under the direction of Lunar Astro. Digital forensics have identified the following individuals as active participants, enforcers, or “Top Fans” within this cyberbullying network:

- Manit Verma (Manitt Verma)
